

THE 17th INTERNATIONAL SYMPOSIUM ON EAST ASIAN RESOURCES RECYCLING TECHNOLOGY

1-4, November 2024·Changsha, China

<http://earth2024.china-mcc.com/>

organizer

The Nonferrous Metal Society of China
Central South University

co-organizer

The Mining and Materials Processing Institute of Japan
The Korean Institute of Resources Recycling
The Formosa Association of Resource Recycling
Engineering and Energy Research Institute of Chulalongkorn University, Thailand

Execution organizer

Chinese National Engineering Research Center for Control & Treatment of Heavy Metal Pollution
School of Metallurgy and Environment, Central South University
State Key Laboratory of Advanced Metallurgy for Nonferrous Metals.
Beifang Zhongye (Beijing) Engineering Consulting Co., Ltd.

目录

CONTENTS

主题一：再生资源利用技术、管理政策及生命周期评价

Topic 1: Renewable resource utilization technology, management policies, and life cycle assessment

Atmospheric Leaching Characteristics and Mechanisms of Limonite and Saprolite Nickel Laterites under Ambient Conditions

.....Heewon Kang, Hee-Eun Jeong, Hyojeong Nam, Hyunjung Kim (1)

Metal2.0-Cyclic metal materials contribute to sustainable development

.....Mingxu Xia, Yuqin Deng, Long Zeng, Jianguo Li (2)

Black arsenic phosphorus with large atomic-level flat surface for high detectivity room-temperature mid infrared photodetectio

.....Jiaqi Song, Xiaobo Min, Liyuan Chai, Cong Peng (3)

Reutilization of end-of-life polymer-bonded Nd-Fe-B magnets and life cycle assessment

.....Peihong Zhu, Min Liu, Yaxuan Yang, Ke Gao, ... (4)

Spatial stratification of sulfur autotrophic denitrification and Anammox bacteria in biofilms enhances accumulation of poly-S and enables deep total nitrogen removal

.....Huize Guan, Xi Tang, Chong-Jian Tang (5)

Lignin depolymerization and synthesis of biomass-based high-density fuel

.....Zhensheng Shen, Jijun Zou (6)

Acyl-homoserine lactone enhances the resistance of anammox consortia under heavy metal stress: Quorum sensing regulatory mechanism

.....Chong-Jian Tang, Caiyan Qu, Xi Tang, and Ruiyang Xiao (7)

An in-depth investigation into the influence of active substance types on the degradation mechanism of humic acids

.....Zhenhui Song, Tianyu Gao, Qi Zhang, Xing Wu, Fubing Yao, Xiaobo Min, Chong-Jian Tang (8)

Potential for Carbon Neutral Operations in Wastewater Treatment Plants Utilizing Sludge Chemical looping Combustion

.....Jialu Ye, Guozhang Chang, Jian Zhang (9)

The separation of single-use plastic cups using advanced jig separation

.....Thanakornkarn Limlertchareonwanit, Kyoko Kugo, Chanatip Bamrungsak, Palot Srichonphaisarn, ... (10)

Column flotation as a removal method of microplastics from contaminated fresh, brackish, and sea water

.....Palot Srichonphaisarn, Worada Khwathichak, Jirawat Sangpreedeekorn, Carlito Baltazar Tabelin, ... (11)

Effects of UV-irradiation on the surface wettability of microplastics and their removal rate using the agglomeration-micro-flotation technique

.....Palot Srichonphaisarn, Jirawat Sangpreedeekorn, Pongsiri Julapong, Carlito Baltazar Tabelin, ... (12)

Image identification for refining optical resins by machine leaning

.....Hiromu Kusagawa, Hitoshi Ohya, Eriko Tayaoka, Akihiro Tsuchida, Yasuo Tsuchida (13)

Air Jig Optimization for Plastic Separation in Battery Recycling

.....Kyeonghyeon Lee, Hansol Lee, Kwanho Kim, Hoon Lee (14)

Behavior and Microscale Interactions of Beryllium with Coexisting Phases in Beryllium-Containing Sludge

.....Lin Yu, Xiaobo Min, Yong Ke (15)

- Demand Post
- Scientific Research Post
- Technology Roadshow
- Conference and Exhibition
- Cutting-edge updates
- Video Sharing
- Service of Societies
- Project Application

China Nonferrous Metals Society

Engineering + China Society

Number of unit member **234** || Number of subsidiaries **27**
Number of individual members **43000**

- Certified Member **89**
- Fans **125**
- Dynamic State **27**

[Concern](#)

- Organization Information
- Certified Member
- Fans
- Dynamic

Brief Introduction Of The Society

Initiated by Qiu Chunfu and others, it was established on November 28, 1984 with the approv...

[\[Detail\]](#)

Basic Information

Founding date of the Society

November 28, 1984, 12:00

Current term
4year

Registration Certificate Number

51100000500004788W
