ABOUT EARTH 2025

We are pleased to announce the international toxicology convention on "Emerging Approaches in Risk Analysis and Translational Aspects of Health and Environment (EARTH) 2025" to be held in Lucknow, India, from November 12-15, 2025. The convention is organized by CSIR-INDIA and IITR, Lucknow, in collaboration with the Association of Toxicologists and Risk Assessors (ASTRA), Lucknow. The convention will provide a platform for scientists, researchers, and professionals in the field of toxicology and risk assessment to share their latest findings and discuss emerging approaches in risk analysis and translational aspects of health and environment. The convention will include keynote addresses, oral presentations, poster presentations, and a field trip. The registration fee is INR 10,000. The registration is open from April 01, 2025. For more information, please visit the website [www.earth2025.org](#).
